The TDP-247 is ideally suited for product marking, shipping, retail and other labelling applications. The TDP-247 can print four-inch-wide 203 dpi labels at speeds up to 7 inches per second. The model comes standard with USB, parallel and serial connections. Other options include an internal Ethernet interface for easy network integration, label cutters, and a keyboard for printing labels in stand-alone or down-time situations.

Because of their compact design, the TDP-247 printer is ideally suited for a variety of applications, fitting easily into cramped work spaces that are often too small for larger printers. It features a user-friendly clamshell design that allows users to simply open the cover and drop labels into a centre-biased storage bay. Top-of-form sensing by gap, black mark, or notch is standard and completely adjustable from side to side.

The TDP-247 is equipped with a powerful 200 MHz processor, 4 MB of Flash memory, 8 MB SDRAM and an SD memory expansion slot that increases Flash storage up to 4 GB. The model supports standard industry emulations right out of the box, including Eltron® and Zebra® printer languages.
